Session 1 *Lego Engineering* **Morning Session** 9 am – 12:00 pm

We've expanded our LEGO Engineering program to include STEM-based challenges and free-building: two things kids love. We will build mechanisms that incorporate gears, flywheels, and cams to build amazing contraptions. We'll crank up the fun using creativity to build with LEGOs in problem solving challenges. Design a spinning eggbeater or create a car to carry LEGO bricks uphill. Kids will love rising to the LEGO challenge and taking home a new mini-figure.

Session 1 *Rocket Science* **Afternoon Session** 1:00 – 4:00 pm

Rocket Science '18 features our favorite rocket, the customizable E2X, perfect for the young aerospace engineer. Keep a Commander's Log as you investigate the solar system, design a satellite, and build a space base for an astronaut. Go on an out of this world adventure making galactic slime and glittering galaxies. Blast off with a solid fuel high-flying rocket launch at the end of the week, weather permitting.

Session 2 *Healthy Cooking Adventures; A Holistic Approach to What We Eat* **AM Session** 9 am – 12:00 pm

Cook up some FUN at an interactive and hands on HEALTH focused cooking classes. We will learn about:

- The four food groups
- Choosing healthy foods
- Label reading
- Why should we eat vegetables and fruits?
- Measurement methods
- States of matter
- Sensory analysis of foods and drinks
- Nature walks and games

All cooking supplies are: Nut-free and gluten free (if needed) All cooking materials are included.

Session 2 *Adventures in Spanish* **Afternoon Session** 1:00 – 4:00 pm

Nu3Kidz Adventures in Spanish is a terrific way for kids to learn Spanish while enjoying summertime fun. Nu3Kidz campers spend the week immersed in an exciting part of the Latin American world. Nu3Kidz counts with a dynamic, native-speaking and experienced teacher. Campers spend each day moving from one activity to the next, including special "No English!" times, designed to provide an immersion experience while still allowing for a ton of fun. A week of Nu3Kidz camp is guaranteed to boost your child's new language ability!

We will enjoy: Silly Spanish games, group craft activity (solo en Español), songs, story time, scavenger hunt, solo art activity, outside camp games y finalmente cool down and say adios to a fun day.

Session 3 *Gadgets & Contraptions* **Morning Session** 9 am – 12:00 pm

Design, build, and experiment with classic moving gadgets and investigate how they work. Tinker with tops and construct zany ziplines. Create cars that move with magnets. Conquer kinetic energy with wind-ups and rubber band-powered playthings. Build an awesome motorized doodling robot friend.

Session 3 *Deep Blue Sea* **Afternoon Session** 1:00 – 4:00 pm

NEW! If you've ever wanted to be a marine biologist or an oceanographer, come take the plunge into Deep Blue Sea! Create models of ocean invertebrates and a dazzling coral garden. Dive deep with dolphins and find out about fish that are bioluminescent (emit light). Tame the tides and ride the waves in this wicked cool oceanic adventure and grow your own cryptobiotic Sea Monkeys to take home.

Session 4 *Minecraft Mania 2: The Sequel* **Full Day** 9 am – 4:00 pm

NEW! The Mania continues! Explore and build in worlds that have been customized for Wicked Cool learning activities. Construct complex Minecraft villages and map out a hands-on model community built with real world materials. Learn the secrets of Minecraft to forge unique tools, discover the awesome power of redstone, and create automated factories to supply your empire. Design light-up circuits and simple machines to take home.

Session 5 *Wicked Cool Vet School* **Morning Session** 9 am – 12:00 pm

Do you dream of becoming a veterinarian? Grab your lab coat, animal lovers, as we learn about our favorite furry, flying and fishy friends! Follow a furry "patient", make amazing animal models, build big bones, and investigate animal intestines from our favorite vertebrates: birds, mammals, reptiles, amphibians, and fish. End the week with a featured visit with a live animal.

Session 5 *Wicked Cool Science* **Afternoon Session** 1:00 – 4:00 pm

These kid-approved top-10 STEAM experiments are sure to be a hit with any junior scientist. Grow giant glowing cubes, create crazy chemical reactions, make glow sticks glow brighter and delight your friends with magic fish. Make a DNA necklace with real DNA and harness the power of the sun. Kids get a lab coat and safety glasses to wear all week and take home, too!
